General Information

Doctor of Philosophy in Education.

Master of Bilingual Education

offers evening classes during the academic year. The program includes coursework in literacy, second-language teaching, linguistics, cultural/multicultural education, behavioral psychology and community-based educational research. The specialization courses, in particular, help participants refine their pedagogical skills and develop both expertise in use of the methods proven effective with limited English proficient students and understanding of current research in the field of bilingual education.

Admission Requirements

Before enrolling in the M.B.E. program, all students must submit the following:

1. An official sealed transcript of academic work that reflects a baccalaureate degree with a minimum 3.000 overall GPA. Transcripts from countries outside the U.S. must be accompanied by an official evaluation of the transcript by an SMU-recognized evaluation agency. No copies will be accepted. Applicants not meeting the 3.000 GPA requirement must request an exemption in writing and provide proof of other qualifications, such as long-term experience or expertise in a related specialized field, as a justification for admission.
2. Official scores on the GRE graduate school entry exam (within the last five years). Scores are required for all three parts of the GRE: analytical writing, verbal reasoning and quantitative reasoning.
3. Proficiency in Spanish or in another language, such as Vietnamese or Chinese, used in a bilingual education program in Texas.
4. A completed application and a \$75 nonrefundable application fee payable to SMU: Department of Teaching and Learning.
5. Three recommendation forms from those who can attest to the applicant's academic abilities, teaching abilities and personal qualities. One recommendation should be from the principal or immediate supervisor.
6. A 500- to 750-word written essay on how the student's career goals would be enhanced by realizing the goals of the Department of Teaching and Learning as stated at www.smu.edu/TeacherE

Bilingual Education
Preparation for Supplemental Certification

B

3. For applicants from countries where the predominant language is not English, official scores (earned within the previous five years) on the TOEFL English language proficiency test administered by the Educational Testing Service or IELTS English competency test. The minimum TOEFL score for admission is 550 on a pencil-and-paper test or 83 on the Internet-based test. The IELTS minimum score is 6.5. The M.Ed. program is a part-time program and as such does not qualify as a suitable educational experience for an international student on a student visa. As evidence of financial support, foreign students must provide a Certification of Finance Form/Letter of Financial Backing. (This applies to students who are not awarded a scholarship.) This should represent that sufficient money will be available to the applicant to cover all expenses while at the University. This letter may be signed by a parent or sponsor but must be certified by a bank. The document must be notarized and on file before the process for visas and passport can proceed.
4. A completed application and a \$75 nonrefundable application fee payable to SMU: Department of Teaching and Learning.
5. Three recommendation forms from individuals who can attest to the applicant's academic abilities, teaching abilities and personal qualities. One recommendation should be from a principal or immediate supervisor.
6. A 500- to 750-word written essay on how the student's career goals would be enhanced by realizing the goals of the Department of Teaching and Learning, as stated at
