

Welcome to the SMU Geothermal Lab newsletter for November. In this newsletter we announce a post-conference workshop "Thermal Well Design & Integrity for Geothermal Applications" on January 12, 2018 on the SMU campus in Dallas, Texas. This course provides an overview of the considerations, key factors, industry guidelines and practices, examples, and field experience related to the design and integrity of geothermal wells. There are a limited number of spots available so [register](#) today. For more information email geothermal@smu.edu or visit <http://www.smu.edu/Dedman/Academics/Programs/GeothermalLab/Conference/Workshop2>.

2018 SMU Power Plays Conference

A post-conference workshop
hosted by [C-FER Technologies](#) on January 12, 2018 on the SMU campus in Dallas, Texas.

This course provides an overview of the considerations, key factors, industry guidelines and practices, examples, and field experience related to the design and integrity of geothermal wells.

There are a limited number of spots available so [register](#) today. For more information email geothermal@smu.edu or visit <http://www.smu.edu/Dedman/Academics/Programs/GeothermalLab/Conference/Workshop2>.

– the [presenter list](#) for 2018 has been posted. Check back to see late additions.

- [register now](#) for the conference. Reduced rates end December 20, 2017.

–sign up to be a [conference sponsor](#) and join:

- [Deep River Group](#)
- [C-FER Technologies](#)
- [Carr Resources, Inc.](#)
- [Climeon AB](#)
- [Jereh Oil & Gas Engineering Corporation](#)

– visit our [website](#), follow us on [Twitter](#) and [Facebook](#), connect with Maria Richards on [LinkedIn](#), or send us an email at
